## DON'T CAREER DATE!

**H**ERE'S the deal Jess: Just because a guy is cute and has the sort of fame that might boost your career and credibility, it doesn't mean he's going to be a good boyfriend. While her former hubby, **Nick Lachey**, 32, was happy to play backup for Jess, most guys aren't. Jess seems to be learning that the hard way. "She is trying to align herself with these guys to get a certain image across," says NYC-based relationship expert Cooper Lawrence, of her flings with comedian **Dane Cook** and singers **Adam Levine** and **John Mayer**. "She needs to take a break from dating and think about the kind of guy she really wants." Suggestion: Go for someone more authentic; don't just jump into something to sell records.
